

real benefits

lift more vehicles

industry first offset 3-stage front arm
+ 3-stage rear arm two post lift

- » takes the guesswork out of lift buying
- » easier to properly spot vehicles
- » excellent reach & retraction maximizes productivity

Versymmetric[®]
Plus⁺

become realGREEN™ - just add water

air and water powered EnviroLift™ with patented AquaVantage™ Technology

- » earth friendly design
- » cutting edge technology
- » green design to help with LEED certification

EnviroLift™
with AquaVantage™
realGREEN™
earth friendly product

widen your productivity

widest drive-thru in industry

- » easier to drive on vehicles
- » minimizes tire pinching against arms
- » speeds up vehicle spotting to maximize efficiency

work more comfortably

highest rise in industry

- » easier for tall technicians to move around
- » minimizes discomfort from crouching
- » 14 lock positions for ergonomic working height

reduce lift downtime

recirculating ball screw lifting design

- » less downtime means more revenue
- » lighter weight means easier to move columns
- » no messy hydraulic fluid leaks to clean up

Current lift model Product & Specification Sheets are available online at www.challeng lifts.com.

why Challenger Lifts?

Distributed by:

CL Challenger Lifts

We're not just lifting vehicles.
We're raising an entire industry.

dedication

A lot has changed over the years. Our spirit and dedication for providing innovative automotive lifts and accessories that increase shop efficiency and revenue has not.

Dedication to providing lifts that exceed industry standards comes free with every ALI/ETL certified Challenger Lift purchase. Not all lift companies are active board members of the Automotive Lift Institute (ALI), meeting strict industry standards and marketing lifts bearing the "Gold Label" of the ANSI Accredited ALI Certification Program.

We are dedicated to the design, manufacture and distribution of the most comprehensive line of superior automotive lifts, jacks and accessories in our 140,000 square foot Louisville, KY manufacturing facility.

innovation

Discover the advantage of innovation. Because we're not just lifting vehicles, we're raising an entire industry.

Our comprehensive line of automobile lifts and lift accessories are inspired solutions that create increased shop efficiency and enhanced revenue potential. Our innovative product design sets us apart from the rest of the automotive lift industry. And it's what continues to drive important technological advances such as:

EnviroLift™
with AquaVantage™

EnviroLifts™ that run on air and water instead of oil and electricity. Because with innovation comes a responsibility to provide **realGREEN™** earth friendly lifting solutions.

realGREEN™
earth friendly product

Our exclusive Versymmetric® and Versymmetric® Plus Technology provide the benefits of asymmetric and symmetric only lifts in one design.

The industry's first 2-post lift with both 3-stage front and rear arms to lift 100% of the top 20 selling vehicles.

planning

Remodeling, expanding or building a new repair facility, we offer full customer support from facility planning to installation of lifting equipment. Take advantage of our free CAD layout to assist in the design and development of your service department. Our goal is to make your shop as productive and efficient as it should be.

selection

Since vehicles come in all shapes and sizes, we help you select lifts that meet your servicing needs. Whether you are a quick lube, truck shop, independent repair shop or dealership, we're committed to ensuring you get the right lift to safely repair vehicles that come into your shop.

- » Heavy and Light-Duty 2-Post Lifts
- » Premium, Mid-Price, & Economy Light-Duty 2-Post Lifts
- » Heavy and Light-Duty Inground Lifts, Traditional Electric / Oil and the latest **realGREEN™** Water Lift

- » Heavy and Light-Duty 4-Post Lifts
- » Heavy and Light-Duty Alignment Racks
- » Single and Modular Lube Racks
- » Mid, Short-Rise & Quick Lube Pit Lifts
- » Heavy-Duty Mobile Column Lifts

installation & maintenance

With a nationwide service and installation network, professional help is just a phone call away. To locate your local Challenger Lifts Authorized Installation & Service representative, phone 800-648-5438 or inquire online at www.challengerlifts.com.

versymmetric®—advantage

Challenger Versymmetric® and Versymmetric® Plus Lifts provide the versatility to lift passenger cars, minivans, trucks and SUV's within the same service bay. This results in 100% lifting efficiency of the Top 20 selling vehicles.

Versymmetric® and Versymmetric® Plus Lifts provide open door clearance for lifting asymmetrically (Dodge Intrepid and Caravan) or symmetrically (Dodge Ram 1500 and 3500 Dually).

The Versymmetric® Plus CL10V3 provides open door clearance for lifting asymmetrically or symmetrically, and accommodates vehicles with short and long wheelbases, designated outside pickup points, uni-body and wide body imports.

Versymmetric® Plus CL10V3 features offset 3-stage front arms plus 3-stage rear arms for maximum reach and retraction to accommodate the widest range of vehicle pickup points.
